## BUSINESS CHANGE.

MR. JAS. A. RUDY ACQUIRES MR. W. C. ELLIS' INTEREST IN ELLIS, RUDY & PHILLIPS.

Mr. Jas. Rudy has acquired the interest of Mr. W. C. Ellis in the dry goods firm of Ellis, Rudy & Phillips, and Mr. Ellis retires on account of ill health.

On June 15, there will be a new firm, to be known as Rudy, Phillips & Co., composed of Messrs. Jas. Rudy and R. B. Phillips.

Mr. Ellis has been a member of the firm since January 1st, 1885, when he bought out Mr. T. C. Leech, Sr., and Mr. Phillips since 1891, when he went in as a clerk. Mr. Rudy has been a member since the establishment of the firm.

By industry and excellent business judgment Mr. Phillips has risen until he is now one of the two proprietors. The firm is one of the largest and most up-to-date in the entire state, and is soon to extend its business into another building, more room being necessary to accommodate its constantly increasing business. It will occupy in addition to its present spacious building, that occupied by J. J. Bleich, which will be fitted up for its special use.

The firm is progressive and full of enterprise, and deserves the success it has won in Paducah.

## DIED IN ASYLUM

Mr. G. U. Leisner, Well-Known Grocerman, Passed Away at Hopkinsville Today.

## HAD BEEN THERE A WEEK

Went Crazy Two Weeks Ago Over a Fine—He Leaves a Wife and One Child.

## A POPULAR AND RESPECTED MAN

Mr. George Ulrich Leisner, the well known grocer and saloon keeper at Sixth and Trimble streets, died this morning at the Hopkinsville asylum, whither he was sent one week ago.

Mr. Leisner suddenly lost his mind, presumably over a fine of \$20 assessed against him in the circuit court two weeks ago, for selling on Sunday. He became violent on Monday, April 16 and had to be incarcerated in jail.

When it became apparent that he could not recover, he was adjudged insane and conveyed to Hopkinsville for treatment at the asylum.

His collapse followed, and death was doubtless a relief to the afflicted man.

Mr. Leisner was born in this county on May 14, 1858, his parents having both emigrated from Germany.

He was married to Mrs. Bertina Lehrer on September 24, 1885, and leaves one son, Earl, and two step children, Mr. Henry and Miss Katharine Lehrer.

For many years he had been in the grocery business at Sixth and Trimble streets, and was one of Paducah's best known citizens. He was generally liked, and his untimely death will be greatly deplored by a large circle of friends.

Mr. Leisner's mental collapse seems to have been hereditary. His mother lost her mind and jumped into a well years ago and a sister died in the asylum, while a brother cut his throat and killed himself while temporarily insane a few years ago in Paducah.

Mr. Leisner was a member of the German Lutheran church, and the remains will be brought to the city for burial.

The funeral will take place tomorrow afternoon from the German Evangelical church at 4 o'clock. Rev. Hartenberger officiating. Burial at Oak Grove.

## NOW A MILLIONAIRE.

LAWYER OF SMITHLAND BECOMES WEALTHY IN TEXAS.

A great many people in Paducah remember Mr. Fred Fleming, a Livingston county boy who has grown immensely wealthy in the Texas oil fields. He studied law at Smithland and left in 1881 for Texas without a cent of money. He did well, and has been back on visits several times since his father, Mr. J. J. Fleming, fell out of the second story of the St. Nicholas hotel a few years ago and was killed.

Mr. Fleming a short time ago sold out his interests in the oil lands for \$1,250,000.

## MR. LEAKE'S CONDITION.

Mr. Chas. M. Leake is thought to be slightly better today, and his physicians have hope of his recovery, which will be welcome news to his many friends.

## MR. FRED HEILBRON IS HONORED

The Joe Fowler with the Paducah Odd Fellows and their friends, returned from Mound City, Ill., about 5 o'clock this morning. Everybody was delighted with the trip, and Mound City was warmly praised for her hospitality.

The first thing in the afternoon after their arrival was the big parade, headed by Mangum lodge, Ingleside lodge and Dean's band.

The Ladies of the Rebekah, from Paducah, with natty white caps and parasols, captured the crowd.

At 2:30 addresses were made by Judge Walsh, Grand Secretary Jas. R. Miller and Hon. A. B. Garnett, the latter of Murphysboro, Ill.

Following that was an exemplification of degree work by the Rebekahs of Parthenia lodge, Cairo, which was very fine.

At 6:15 p. m. the band concert for the prize took place. The contestants were Dean's band, of Paducah, the Metropolis band, with two of Murphysboro's best players, and the female band of Murphysboro. Dean's band was awarded first prize, the Metropolis band second prize and the Murphysboro band third prize.

The inter-state association met in the evening and Murphysboro, Ill., was unanimously chosen as the place of meeting next year.

The officers elected were: G. J. Murphy, of Mound City, president.

E. A. Wilson, of Mound City, Ill., vice president for Illinois.

Mr. Fred Heilbron, of Ingleside lodge, Paducah, vice president for Kentucky.

C. M. Bradley, of Murphysboro, treasurer.

A. B. Garrett, of Murphysboro, secretary.

Following this came a creditable display of fireworks and a parade by the Knights of the Mystic Krow of Comus and the Modern Woodmen of America, of Cairo.

There were two big balls, and the boat did not leave for Paducah until after midnight.

In the afternoon the Brookhill baseball club of the city, defeated the Mound City club by a score of 15 to 5.

Other prizes awarded were: Prize for best attendance of membership, Bandana, Ky., lodge which had 37 out of 38 members.

Mangum lodge took the prize for best appearance in line.

## THE RAILROAD.

ENGINEER NOURSE HURT LAST NIGHT AT CAIRO.

Railroad Suits Tried at Smithland and Decided Yesterday—Other Notes of Interest.

Engineer Joe Randall returned from Chicago last night. He was one of the adjusting committeemen sent from Paducah to confer with the high officials at Chicago. He did not return with the others but stayed over a few days.

Master Mechanic T. F. Barton returned from Louisville last night.

Mr. Jim Mathis, traveling engineer of the Illinois Central, between Louisville and Memphis, is in the city.

Mr. William Nourse, an engineer running between Fulton and Memphis, was perhaps fatally wounded about the face, neck and chest, in a fight at Cairo last night about 10:30 o'clock. Very meagre particulars of the fight reached this city but his assailant used a knife. It is thought that Nourse will die. He ran out of Paducah, for a short time, several years ago and has many friends here who will regret to learn of the affair.

Mr. L. A. Washington has just returned from Smithland where he attended circuit court. A judgment of \$600 was rendered against the Illinois Central yesterday. The case was a suit brought by W. F. Hennons for the lost services of his son Luther Hennons, who had an arm cut off in an accident on the railroad two years ago. He asked for \$1825, but got only \$600.

Another case, C. N. Bush against Illinois Central railroad, asking damages to property he claims has been ruined by the railroad building a trestle and thus causing the river to back up into his land, was argued yesterday and given to the jury late yesterday afternoon.

Dr. J. A. Ward, of Paducah Junction, was taken to Bolivar by Sheriff Finch of Obion county, after having been duly adjudged insane, says the Fulton Leader. Ward was a brave confederate soldier who struck him in a battle, broke his skull thereby causing a depression that since the war has been getting worse and worse. Ward was totally unfitted for business. He was under the delusion that the Illinois Central owed him \$6,000 for constructing their track from Fulton to Obion and to save his soul he couldn't get 'em to settle. Ward made life miserable for Dock Caldwell, Aubrey Whipple and Olive Lannom and other lawyers attempting to retain them in his great case against the road. Sheriff Finch influenced Ward to get on the train "to take a pleasure trip," and carried him to the asylum.

Resident Surgeon Marmaduke Dillon has returned from Chicago, accompanied by Mr. Francis Bacon, general architect of the Illinois Central, who came to inspect the new hospital addition in course of construction.

A new time card will go into effect on the Illinois Central the middle of next week. It will effect all the passenger trains.

Conductor Buckley has returned from a brief business trip to Princeton.

Several changes have taken place at the Illinois Central freight house. A. W. Hunt, local bill clerk, resigned and was succeeded by Will Minnich, who was "o. s. d." clerk. Ed McDonald, car service clerk, succeeded Mr. Minnich, and Willie Lydon, interchange clerk, succeeded McDonald. Mr. Lydon's place was taken by Robert Moore, of Henderson.

There was no quotable change in the leaf tobacco market this week though there appeared a large per cent in bad condition which went at prices unsatisfactory to sellers. The market was strong and active on all grades in good condition and sold at very satisfactory prices.

Receipts for week 276, offerings 175. Rejections 42.

The Famous Pants company shipped the first bill of goods today. It went to Strow Bros. at Benton. The factory is in splendid running order and the proprietors, the Messrs. Weille and L. S. Levy, are very much pleased with conditions so far.

## THE LATEST FREAK.

MR. CHAS. CURTIS GETS OFF A GOOD ONE ON THE "BUFFALOES."

Mr. Chas. Curtis, the well known drummer, has returned from an extensive trip through Illinois. As usual he has the latest.

"Did you hear about that freak baby in Illinois?" he asked a friend this morning.

"What freak?" asked the other.

"Why," explained the drummer, "the youngster had a deer face, bare feet, and its papa was a Buffalo."

## BUSINESS WORLD

Retail Trade Picks Up and Warm Weather Helps All Lines of Business.

## FARMERS WELL PLEASED

Wholesale Trade is a Little Dull With River Trade Good—Real Estate Active.

## TELEPHONE COMPANY EXPANSION

Business at the banks the past week has been about normal. Clearings were about the same, aggregating \$443,159.09.

The factories report business active with plenty of orders.

Retail trade on a whole has been very good the past few days of the week, but the tardiness of spring weather has been a most potent dampener on business. Yesterday and today were warm days and the indications are that hot weather will come now with a rush and not afford the retailer time to dispose of the heavier weight goods. Summer weather means crash suits and lighter garments, a surplus of finer spring stocks. It is to be hoped this won't be the case, however.

The furniture houses and housefitters have had a continuation of active trade and are well satisfied with the season.

The farmer was the pleased man the past week. The weather was just to his liking and he got in some good days of work.

Wholesale trade is fairly active, but could be better. Collections are fair. The wholesale men as well as the retail houses are counting on the carnival to enjoy a good deal.

The real estate market continues very active with much business.

One evidence of the great prosperity of Paducah and the rapid strides made, especially in the past few years, is the business done by the telephone company. The Cumberland Telephone company.

Manager Joynes, in conversation with a reporter yesterday, said that when he came here the company had only 175 subscribers, while today the number is very near 1,000. He has been here, too only about eight years. The greatest increase, he says, has come in the past two years, the number of new subscribers added during that time being more than the total added for the past six years. This is an evidence of general prosperity as to the most people the telephone is still a luxury. The number of additions each day continues large and it seems that the coming season will be the record breaker.

The company is ever increasing its capacity and adding to its splendid plant and seem desirous of giving the city an up-to-date exchange in every way.

There was no quotable change in the leaf tobacco market this week though there appeared a large per cent in bad condition which went at prices unsatisfactory to sellers. The market was strong and active on all grades in good condition and sold at very satisfactory prices.

## A BIG DEAL

The Hillman Property on Cumberland River Sold for \$150,000.

## 65,000 ACRES ARE IN IT

The Same St. Louis Capitalists Have an Option on Grand Rivers Property.

## BRIGHT PROSPECTS FOR LIVINGSTON

One of the largest deals of recent years in Southwest Kentucky has just been consummated, as a result of which the Hillman property, on the Cumberland river about fifteen miles from Grand Rivers, in Lyon county, has been sold to a company of St. Louis capitalists for \$150,000.

The property comprises 65,000 acres of land, on which are two furnaces. The latter will be operated and the 65,000 acres will be laid off into farms of about 160 acres each, furnishing homes for about 406 families. A great deal of the tract is ore land.

The three gentlemen composing the company are Messrs. J. W. Harrison, T. W. Morton, and E. C. Simmons, all of St. Louis. The latter is of the Simmons Hardware company, and Mr. Harrison, accompanied by Colonel T. J. Scott, formerly of Paducah, were in the city a few weeks ago en route up to inspect the tract.

In addition to this deal there is another of greater importance. The three gentlemen who bought the Hillman property have secured an option on property in Grand Rivers for \$200,000.

The Grand Rivers deal has not been closed, but the intention of the gentlemen is to buy it, and if reports are true utilize its long dormant industries.

The furnace at Grand Rivers is one of the largest charcoal furnaces in existence, having a capacity of 150 tons a day. It was run only about six weeks during Col. Tom W. Lawson's regime.

One report is that if the Grand Rivers property is bought, a wire and steel nail factory will be established there.

A great many booms have been started for Grand Rivers since its memorable collapse several years ago, but the prospect now is brighter than ever before.

## CIRCUIT COURT

MONDAY THE PETIT JURY WILL BE IMPANELED.

The only thing done in the circuit court today was to record and file answers to suits and to set cases. The old code books and statutes were about worn out and the court ordered new ones bought.

Monday the petit jury will be impaneled and the more important cases taken up.

Copies of indictments against Mrs. Kate Fulton, for keeping a bawdy house, have been forwarded by request to Houston, Tex. It is not known what is wanted with the records.

The case of Jas. Ferriman against the Sodenheimer Lumber Co. was continued.

## SORAP IS POSTPONED.

The private fight between the "Alabama Kid" and "Pat" Riley, has been postponed until next week as the head promoter was called out of the city on business.

## MR. W. W. STEWART

One of Livingston County's Most Prominent Men Dies in Missouri.

## VISITING HIS DAUGHTER

The Deceased Was 83 Years Old and Had Lived in Livingston all His Life.

## THE FUNERAL ARRANGEMENTS MADE

Dr. P. H. Stewart this morning received from his sister, Mrs. Chas. Willis, of St. Joseph, Mo., a telegram announcing the death of his father, Mr. W. W. Stewart, of Smithland, at St. Joseph, where he was visiting. The death occurred this morning.

The news came as a great surprise and shock to Dr. Stewart, who did not know that his father was ill. He received a letter from him only a few days ago while in Chicago, which said the trip had not greatly affected him.

Mr. Stewart went out to Missouri a week ago to visit his daughter, and as he had been in failing health for two or three years, it is supposed that he died from general debility.

The deceased was born in Crittenden county near Marion, but has spent most of his life in Smithland. He was one of that county's most prominent men, and was quite wealthy. He was

83 years old and leaves several children as follows: Dr. Richard Stewart, of Denton, Kansas; Dr. P. H. Stewart, of the city, and Mr. Cade Stewart, the well known pilot. His daughters are, Mrs. Charles Willis, of St. Joseph, Mo., and Mrs. Isaac Hendon, of Paris, Texas.

Dr. Stewart wired today to ascertain what is to be done with the remains, which will probably be brought here and conveyed to Smithland for burial.

Mr. Stewart was well known in Paducah, where he often came, and owned quite a number of interests here, including real estate and bank stock.

## COUNTY COURT.

**A DAILY THOUGHT.**  
Do not be afraid of missing Heaven in seeking a better earth.—Drummond.

Yesterday was Paducah day at Mount City, Ill. What honors the Paducahans didn't carry away weren't worth fooling with.

John W. Gates, the wire steel king, is a bold, bad plunger. He bucked the tiger the other night in New York, according to reports, and dropped \$50,000. As he made about \$500,000 in speculations, however, he hardly missed the mere bagatelle of \$50,000.

The Indians in Brazil, following the example of the Boxers in China, have massacred two hundred Christians, according to dispatches. It seems that there are a great many people in the world who need a little civilization before an attempt is made to inculcate them with Christianity.

"Black Jack" Ketchum, the notorious desperado hanged yesterday, tried to exonerate four men in jail charged with train robbery, before he was executed. Like others of his ilk, consideration for his fellowman came too late in life. If he had possessed sense at the start he probably would not have been brought to the gallows.

W. J. Bryan, in the Commoner, says there is no doubt "but that Gov. Taylor knew of Goebel's murder before it was committed. Mr. Bryan, however, is not always accurate in his statements. He told it all over the country a time or two that he was sure to be the next president, but he wasn't. The people have long since learned that Mr. Bryan very often talks through his hat when he makes such unwarranted statements as he does in his paper of the Goebel murder, he either shows that he is sadly misled, or else has developed a bad case of mendacity since he entered the ranks of journalism.

Science adds daily to its remarkable discoveries, but as yet no cure has been found for tuberculosis, unless Dr. Villar, of Argentina, has discovered the long sought remedy. Dispatches say that his report of fifty cases treated showed that tuberculosis in the early stage was cured within 40 days with his serum, while more advanced cases without complications were cured within 90 days. Many advanced cases were reported cured. The character of the serum is not revealed, but it is known to be a yellow fluid which is injected hypodermically every second, third, fourth and fifth day, according to the individual case. Owing to the alarming increase of tuberculosis, everywhere, efforts to cure it are always regarded with interest by people everywhere.

W. J. Bryan, in his last issue of the Commoner, enlightens the people as to his future plans. He does not think he will again be a candidate for the presidential nomination, which is in accordance with the views of a great many of his party leaders. He will continue to take an interest in politics, and judging from his statements will support only those who adhere to the free silver fallacy, which he is pleased to allude to as "Democratic principle." He concludes: "I shall say whatever I think ought to be said, and shall write whatever I think ought to be written. This course may not be popular, but I trust that it will aid in the restoration of Jeffersonian principles. I shall ask no reward, because I am not working for others entirely. As a citizen I am interested in having a good government under which to live, as a father I am interested in having a good government for my children. If a good government can be secured it will be rewarded enough for all that I or any one else can do."

The Filipinos are rapidly becoming reconciled. A dramatic episode is reported in one of the provinces, Bulacan, reported to be the center of the insurrection, and the principal town in which was Aguinaldo's seat of government for a time. The dispatch states that to the people of Bulacan and especially to the delegates from the Malolos district, the sessions of the commission were a revelation. They came crowded and curious, and departed many of them with tears in their eyes, full of confidence and hopes for the future of their country. To them such hopes were indeed a new sensation after the years of harassing,

logged, practically hopeless warfare. The frank, fair statements of the representatives of the president of the United States impressed them mightily. They came in flocks, chiefly imbued with the idea of their respective candidates in the provincial offices. They left satisfied with the results and enraptured with American principles.

**BEAUTIFUL SERVICE.**  
REV. H. G. ENELow HEARD BY A LARGE CROWD—PRESENT. ED WITH A FINE WATCH.

The farewell sermon of Rabbi H. G. Enelow at Temple Israel last night was one of the finest sermons ever preached from a Paducah pulpit. The church was packed to overflowing. The music was of the highest class and the solos deserve special notice. Dr. Enelow's sermon was very forceful and eloquent and the manner in which he put forth his views of the Jewish religion, "the mainspring of all beliefs," as he expressed it, was very convincing. Taking the Jewish faith as a center he drew around it the many other creeds and beliefs showing their insignificance compared with the "one great and only belief—Judaism." The figures of speech used were very original and beautiful, and the convincing style of his delivery was a fair example of the talented young divine's gifts of oratory. Dr. Enelow's farewell words were very complimentary both to the members of his church and also to the citizens of Paducah as a whole. At the close of the sermon Mr. John W. Keller, with a brief speech, presented Mr. Enelow with a beautiful diamond-studded watch—charm and fob, "as a token of their love and appreciation."

Dr. Enelow has been in this city three years and during that time has made many friends and also a name for himself in his profession. The members of the temple regret to lose so valuable a worker but "what is one's loss is another's gain," said Mr. Keller in his presentation speech, "and with you go our best wishes."

**ATTORNEY RESIGNS.**  
HE WILL RESUME HIS LAW PRACTICE AT MIDDLESBORO.

Mr. John G. Fitzpatrick, assistant United States district attorney for the Western district of Kentucky, has resigned. Mr. Fitzpatrick is well known in Paducah, having attended federal court here in an official capacity for several years past.

District attorney R. D. Hill has recommended Mr. M. H. Thatcher, of Louisville, to succeed Mr. Fitzpatrick.

The office pays \$2,400 a year. Of the resignation the Louisville Times says:

"News of Mr. Fitzpatrick's resignation will occasion general surprise outside of his immediate circle of friends. He intended to resign last summer, but was dissuaded from so doing by District Attorney Hill, who valued his services very highly, aside from the close personal bond between the two. Mr. Fitzpatrick is one of the most conscientious men who ever held political office. He worked very hard, and he worked intelligently. While no reason is given for his resignation it is known that he felt that he could earn more money at the practice of law in Middleboro than he would make by remaining here longer."

**CASE REVERSED.**  
COURT OF APPEALS GRANTS A NEW TRIAL IN THE MAEON CASE.

The court of appeals yesterday reversed the case of Willie Maeon against the Paducah Street Railway company.

Maeon is a colored boy who was injured by a live wire at Sixth and Norton streets two or three years ago. He sued for several thousand dollars, and got a verdict for \$350. Bishop and Hendrick, his attorneys, were dissatisfied with the verdict and asked a new trial, which was refused. They took an appeal, and yesterday the court of appeals reversed the case, which sends it back for retrial.

## PROPOSED AGREEMENT.

PROPOSITION TO SUPERINTENDENT OF MACHINERY  
RENSHAW.

Chicago, April 27.—Among the things contained in the agreement submitted by machinists to Supt. Wm. Renshaw, of the Illinois Central, apprenticeship is fixed at four years, the apprentices to be employed at ages of from 16 to 21 years, the boys to be able to read and write and possess a fair knowledge of arithmetic. Every apprentice is to be taught all the branches of the trade and not more than one to every five journeymen is to be employed in any one shop, nor shall any boy be required to work over time during the first three years of his term. It is provided that the minimum pay for machinists shall be 30 cents an hour. That nine hours shall constitute a day's work, 45 cents for over time and 60 cents if the over time reaches six hours in a day, all holidays to be paid for at double rates if the men are at work. Machinists sent away on the road shall be paid time and a half or double time in like proportion as well as all their traveling expenses. Free transportation is demanded for the men, and it is further stipulated that "applicants for employment shall not be required to fill applications other than to establish ability as machinists."

The agreement provides for arbitration with the superintendent of motive power and a committee of machinists to act as a subordinate court with appeal to the general manager and the general officers of the International Association of Machinists. All grievances must be acted upon within five days after notice is given and pending a settlement there shall be no lockout or strike. The agreement is to exist a year and unless abrogated within 30 days of expiration to exist for another year. Nothing definite has yet been done.

A committee representing the Illinois Central engineers from Illinois and Iowa division called on Superintendent Renshaw today for the purpose of discussing the question of runs. The men asked that the runs be arranged so that the engineers could spend as much time as possible at their homes. Mr. Renshaw promised to give the matter immediate attention.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## A FEW FACTS.

ABOUT THE NEW CATARRH CURE.

The new Catarrh cure is a new departure in so-called Catarrh cures because it actually cures, and is not simply a temporary relief.

The new Catarrh Cure is not a salve, ointment, powder or liquid, but a pleasant tasting tablet containing the best specifics for Catarrh in a concentrated, convenient form.

The old style of Catarrh salves and ointments are greasy, dirty and inconvenient at the best, the new preparation being in tablet form is always clean and convenient.

The new Catarrh Cure is superior to Catarrh powders because it is a notorious fact that many Catarrh powders contain cocaine.

The new Catarrh cure is called Stuart's Catarrh Tablets, a wholesome combination of blood root, beachwood tar, guaiacal and other antiseptics, and cures by its action upon the blood and mucous membrane, the only rational treatment for Catarrh trouble.

You do not have to draw upon your imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvements and relief are apparent from the first tablet taken.

All druggists sell and recommend them. They cost but 50 cents for full sized packages, and any Catarrh sufferer who has wasted time and money on sprays, salves and powders, will appreciate to the full the merit of Stuart's Catarrh Tablets.

## MAKES WOMEN STRONG

Iowa City, Iowa, August 15, 1900.

My wife was sick for three years. We tried everything without relief and spent much money. Last winter I read one of your Almanacs. My wife tried the Wine of Cardui and four bottles cured her. She attended to all her household duties and loaded and unloaded hay. This medicine gave her strength. Formerly she was weak and could hardly get about but since she has been taking Wine of Cardui she feels stronger than when she was 20 years of age. I would we had heard of Wine of Cardui and Theford's Black-Draught years ago.

JOSEPH ALOIS EISENHAFER.

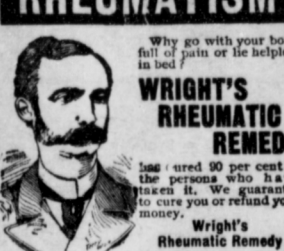

No woman has ever taken Wine of Cardui and not been benefited. Mrs. Eisenhafer had tried everything during her three years' sickness and had spent considerable money. She was weak and could hardly get about for three years before she took

## WINE OF CARDUI

Now after taking the Wine she can work with her husband in the hay field. That is hard work, but it is not as injurious to a woman's health as labor in stores, factories and offices where thousands of girls are closely confined year after year. With the aid of Wine of Cardui a woman can do any reasonable work and enjoy good health. The health that Wine of Cardui brings makes a woman vigorous in body and mind. Freed from those terrible devastating pains a woman grows well and strong naturally. Wine of Cardui regulates the disordered menstruation and cures leucorrhoea, failing of the womb and periodical pains in the head and back caused by standing or sitting a long time in the same position. Theford's Black-Draught puts the bowels, stomach, liver, kidneys and blood in proper shape. Greatly increased strength and endurance is the natural result. Most cases are cured quickly. All druggists sell \$1.00 bottles of Wine of Cardui and 25c packages of Theford's Black-Draught.
